## ARSON CASE IS FIRST ON TRIAL IN COURT TERM

Trial of Joseph George Hayden, of Chicago and other cities, on a charge of arson, opened the January term of Adams County court this morning. The current term had originally been scheduled to begin last week but was postponed until today because of a judicial conference and the state bar association meetings.

Hayden is accused of starting three fires in the Kendelhart Apts., corner of Chambersburg and N. Washington Sts., about 5:45 p.m. on August 9, 1956.

Gettysburg Policeman Raymond E. Menges, the arresting officer, was the first witness on the stand this morning. He said he was off duty at the time but reported as a fireman when the alarm was given. Arriving he found papers burning in the hallway leading to the apartments. That blaze was extinguished before it had more than charred woodwork. Two more fires were discovered in the basement of the building, one in a pile of paper, another in a trunk owned by the late Charles Timmins.

**Admitted And Denied**  
Menges started an investigation, was told by Fred Walter, Gettysburg R. 2, of a stranger, Hayden, who had left the hallway a few minutes before the alarm was sounded. Menges located Hayden at the Greyhound bus terminal on N. Washington St.

Menges said Hayden alternately denied and admitted starting the fires. When he first asked Hayden about the fire the Chicagoan denied all knowledge. Moments later, Menges said, Hayden told him concerning the local firemen "I imagine they're fighting a fire. They ought to be because I set one there."

Fire Chief Donald W. McSherry told of the fire, and talking to Hayden.

**Seen In Building**  
McSherry also said Hayden, in questioning by the fire chief and policeman, alternately admitted and denied starting the fires. Both Menges and McSherry said there were cobwebs in the basement of the building, and that Hayden had cobwebs on his hat and coat.

John Emory Thomas, Breckenridge St., testified he had seen Hayden in the Kendelhart apartment building.

Walter said he was standing on the steps at Kendelhart's cigar store when Hayden came out of the doorway to the apartments and asked the way to the bus terminal. Walter said he told Hayden the way, then went to his car, parked across the street, drove to the square, parked, and hearing the fire siren, soon discovered the alarm had been at the Kendelhart place he had left only minutes before. Returning, Walter said, he heard Hayden asking some other man where the bus terminal was located.

**D. D. "Eckles"** Kendelhart, owner of the building, and State Policeman James A. Knipple, who took photographs of the scene, were on the stand this morning. Attorney Eugene R. Hartman was appointed by the court to represent Hayden. The Commonwealth continued its case against Hayden this afternoon.

District Attorney Daniel E. Teeter at noon said Raymond Williams, Biglerville R. D., scheduled for trial at this term, had entered a plea of nolo contendere to a charge of aggravated assault and battery.

**Other Cases Scheduled**  
John Harmon, Littlestown R. 2, charged with driving while under the influence, was listed as entering a plea of guilty.

Trial of George R. Miller, 117 Breckenridge St., for surety of the peace and James Mauston, 141 W. High St., on charges of pointing a firearm were scheduled for Tuesday. George Earl Smith, Orrtanna R. 1, charged with surety of the peace and a morals charge, is scheduled tentatively for trial Wednesday. He had waived presentment of (Continued On Page 2)

## Veteran Pilot Says He Does Not Know What Caused Crash

NEW YORK (AP)—Capt. Alva R. Marsh says he doesn't know what caused his airplane to crash 12 seconds after takeoff. The crash claimed 20 lives.

Marsh's account of the crash was relayed to newsmen yesterday by Alfred A. Lane, vice president of Northeast Airlines. The 48-year-old veteran pilot is being kept "in seclusion" by the airline at an undisclosed location.

"I didn't know anything was wrong," Marsh said, until copilot Basil Dixwell "informed me the ground was coming up at us."

"I was looking at the instruments at the time. They were all working properly," he added.

Marsh's Northeast Airlines plane, a giant DC6A with 102 persons aboard, crashed and burned Friday night on Rikers Island in the East River after taking off from LaGuardia Field.

More than half of the survivors were injured. Thirty-six remain in three hospitals, 14 of them on the (Continued on Page 7)

## GETTYSBURG IS SITE FOR STATE JAYCEE DINNER

Gettysburg was chosen as the site for the Pennsylvania Junior Chamber of Commerce's "outstanding young farmer" contest and the Gettysburg unit was among seven chapters honored for outstanding projects in 1956 at a three-day Jaycee conference at Harrisburg over the weekend.

A dinner at the Hotel Gettysburg will be the setting for the announcement of the winner of the Jaycees' "outstanding young farmer" award on April 5.

Fred H. Attinger, associate farm agent of Adams County and member of the Gettysburg Jaycees, is chairman of the state committee in charge of the state young farmer contest and is in charge of arrangements for the dinner affair here in April. Adams County will have a young farmer entered in the state contest.

## Float Wins Honors

Picquets and certificates were presented to seven chapters last year and the Gettysburg chapter was on the list for special honors for its Halloween float that captured \$225 in first prizes in the three parades in which it appeared at Gettysburg, Hanover and York. The float included a scale model of the Eternal Light Peace Memorial. The award was specifically for a contribution to community welfare.

The delegation of local Jaycees attending some or all of the weekend sessions at Harrisburg included: President Harold Ecker, John Crow, Don Becker, Thomas Metz, Edward Paris and Mr. Attinger. Wives of a number of the local men were in Harrisburg for the Saturday evening banquet.

The state Jaycees will begin a three-month membership campaign February 15 and Chandler G. Ketchum, Pittsburgh, an international director, said the drive could add 2,000 members to the present 10,000 enrollment in the state. The drive will end May 3 and 4 with the state convention in Scranton.

The executive committee chose three members as the outstanding young men of the state for 1956 for competition in the national "Ten Young Men of the Year" contest. The three Pennsylvanians are James A. Jordan, 33, a Pittsburgh business management analyst; Robert T. J. Lynch, 30, Lancaster credit manager, and Gene E. McDonald, 35, a Latrobe lawyer.

## FRAUD CLAIMED IN ALUMINUM SIDING ACTION

A petition to open judgment has been filed with the county court by Emory A. and Mary C. Flohr, Fairfield R. 1, who claim they were victimized in connection with a judgment entered against them in Allegheny County by Home Modernization Inc. of Pittsburgh.

The judgment, for \$13,600.50, was entered against the Flohrs on the basis of a note which the Flohrs claim they "never executed nor intended to be executed," and added in their complaint filed with the local court that if the note is signed their signatures were obtained fraudulently and, if the note is signed by them, "it was concealed in the contract with Home Modernization" and that the "signature was procured fraudulently." They also claim George Tyler, agent for Home Modernization, "deceitfully induced the defendants to sign the contract by stating only the handwritten part of the contract was important and that the printed portion would not affect them."

**Was "Sample" Job**  
The contract calls for Home Modernization Inc. to place aluminum siding on a home of the Flohrs. They claim in their appeal to the court that Tyler told them their home was a "sample job" and that they would receive \$50 for each "job done in the area" and told them that while the contract was for \$2,800 they would have to pay only about \$1,200 to \$1,300 for the work.

The Adams County court ordered a stay of proceedings until the matter could be heard and set March 11 as the date when Home Modernization Inc. should show cause why the judgment should not be opened as asked by the Flohrs.

The complaint is similar to a number of aluminum siding matters brought before the Adams County court over the last several years, most frequently in the criminal court side. In all cases the aluminum siding companies and their agents have been from the Pittsburgh area.

## 37 Are Killed, Many Hurt In Coal Mine Blast Today

**BISHOP, Va. (AP)**—A rumbling gas explosion trapped and killed 37 miners today in the cavernous Bishop coal mine that straddles the mountainous Virginia-West Virginia line.

The blast jammed the elevator that had carried the men in on the Virginia side and rescue work had to be routed through another entrance 2 1/2 miles away on the West Virginia side.

**Hope Abandoned**  
The grimy, masked workers who pushed through to the explosion site had abandoned hope for any survivors by the time the first nine bodies were found.

Identification went on below ground before any bodies were brought to the surface. The last

## ARSON CASE IS FIRST ON TRIAL IN COURT TERM

Trial of Joseph George Hayden, of Chicago and other cities, on a charge of arson, opened the January term of Adams County court this morning. The current term had originally been scheduled to begin last week but was postponed until today because of a judicial conference and the state bar association meetings.

Hayden is accused of starting three fires in the Kendelhart Apts., corner of Chambersburg and N. Washington Sts., about 5:45 p.m. on August 9, 1956. Gettysburg Police Officer Raymond E. Menges, the arresting officer, was the first witness on the stand this morning. He said he was off duty at the time but reported as a fireman when the alarm was given. Arriving he found papers burning in the hallway leading to the apartments. That blaze was extinguished before it had more than charred woodwork. Two more fires were discovered in the basement of the building, one in a pile of paper, another in a trunk owned by the late Charles Timmins.

Admitted And Denied Menges started an investigation, was told by Fred Walter, Gettysburg R. 2, of a stranger, Hayden, who had left the hallway a few minutes before the alarm was sounded. Menges located Hayden at the Greyhound bus terminal on N. Washington St.

Menges said Hayden alternately denied and admitted starting the fires. When he first asked Hayden about the fire the Chicagoan denied all knowledge. Moments later, Menges said, Hayden told him concerning the local firemen "I imagine they're fighting a fire. They ought to be because I set one there."

Fire Chief Donald W. McSherry told of the fire, and talking to Hayden.

Seen In Building McSherry also said Hayden, in questioning by the fire chief and policeman, alternately admitted and denied starting the fires. Both Menges and McSherry said there were cobwebs in the basement of the building, and that Hayden had cobwebs on his hat and coat.

John Emory Thomas, Breckenridge St., testified he had seen Hayden in the Kendelhart apartment building.

Walter said he was standing on the steps at Kendelhart's cigar store when Hayden came out of the doorway to the apartments and asked the way to the bus terminal. Walter said he told Hayden the way, then went to his car, parked across the street, drove to the square, parked, and hearing the fire siren, soon discovered the alarm had been at the Kendelhart place he had left only minutes before. Returning, Walter said, he heard Hayden asking some other man where the bus terminal was located.

D. D. "Eckles" Kendelhart, owner of the building, and State Policeman James A. Knipple, who took photographs of the scene, were on the stand this morning. Attorney Eugene R. Hartman was appointed by the court to represent Hayden. The Commonwealth continued its case against Hayden this afternoon.

District Attorney Daniel E. Teeter at noon said Raymond Williams, Biglerville R. D., scheduled for trial at this term, had entered a plea of nolo contendere to a charge of aggravated assault and battery.

Harry Albert Lear, Chambersburg St., charged with driving while under the influence, has withdrawn his plea and will stand trial, possibly this afternoon, the district attorney added.

Other Cases Scheduled John Harmon, Littlestown R. 2, charged with driving while under the influence, was listed as entering a plea of guilty.

Trial of George R. Miller, 117 Breckenridge St., for surety of the peace and James Mauston, 141 W. High St., on charges of pointing a firearm were scheduled for Tuesday. George Earl Smith, Orrtanna R. 1, charged with surety of the peace and a morals charge, is scheduled tentatively for trial Wednesday. He had waived presentment of (Continued On Page 2)

## GETTYSBURG IS SITE FOR STATE JAYCEE DINNER

Gettysburg was chosen as the site for the Pennsylvania Junior Chamber of Commerce's "outstanding young farmer" contest and the Gettysburg unit was among seven chapters honored for outstanding projects in 1956 at a three-day Jaycee conference at Harrisburg over the weekend.

A dinner at the Hotel Gettysburg will be the setting for the announcement of the winner of the Jaycees' "outstanding young farmer" award on April 5.

Fred H. Attinger, associate farm agent of Adams County and member of the Gettysburg Jaycees, is chairman of the state committee in charge of the state young farmer contest and is in charge of arrangements for the dinner affair here in April. Adams County will have a young farmer entered in the state contest.

## Float Wins Honors

Piques and certificates were presented to seven chapters last year and the Gettysburg chapter was on the list for special honors for its Halloween float that captured \$225 in first prizes in the three parades in which it appeared at Gettysburg, Hanover and York. The float included a scale model of the Eternal Light Peace Memorial. The award was specifically for a contribution to community welfare.

The delegation of local Jaycees attending some or all of the weekend sessions at Harrisburg included: President Harold Ecker, John Crow, Don Becker, Thomas Metz, Edward Paris and Mr. Attinger. Wives of a number of the local men were in Harrisburg for the Saturday evening banquet.

The state Jaycees will begin a three-month membership campaign February 15 and Chandler G. Ketchum, Pittsburgh, an international director, said the drive could add 2,000 members to the present 10,000 enrollment in the state. The drive will end May 3 and 4 with the state convention in Scranton.

The executive committee chose three members as the outstanding young men of the state for 1956 for competition in the national "Ten Young Men of the Year" contest. The three Pennsylvanians are James A. Jordan, 33, a Pittsburgh management analyst; Robert T. J. Lynch, 30, Lancaster credit manager, and Gene E. McDonald, 35, a Latrobe lawyer.

## Veteran Pilot Says He Does Not Know What Caused Crash

CAPTAIN MARSH

NEW YORK (AP)—Capt. Alva R. Marsh says he doesn't know what caused his airliner to crash 12 seconds after takeoff. The crash claimed 20 lives.

"I didn't know anything was wrong," Marsh said, until copilot Basil Dixwell "informed me the ground was coming up at us."

"I was looking at the instruments at the time. They were all working properly," he added.

Marsh's Northeast Airlines plane, a giant DC6A with 102 persons aboard, crashed and burned Friday night on Rikers Island in the East River after taking off from LaGuardia Field.

## OFFER TICKETS FOR TWO BAND CONCERTS HERE

The entire personnel of the Southern District Band has been placed in homes of their hosts and hostesses, Host Band Director Robert G. Zeigler said today.

A few more than the required number of invitations have been received and substitutions have been made in the cases where transportation and distance from the school were problems. Some changes were made where individuals would not be home to receive the students Thursday morning. These offers will be kept in reserve for last minute cancellations.

Any host or hostess who is unable to provide transportation should notify the Rev. Robert Knecht, transportation chairman, well in advance, if possible. The students are expected to be on time for rehearsals and concerts.

Housing Chairman James R. Feather and Mr. Zeigler expressed their appreciation today to all the citizens "who responded so generously with offers to care for the students for the two nights."

Adult tickets for the Friday and Saturday night concerts are now on sale from any school band member and at the Shoe Box on Chambersburg St. A special price is being offered to students for the Friday Concert if tickets are purchased before close of school on that day. All home rooms have a quantity of tickets available for sale to students or adults for both concerts. Principals of each elementary school also have tickets.

## FRAUD CLAIMED IN ALUMINUM SIDING ACTION

A petition to open judgment has been filed with the county court by Emory A. and Mary C. Flohrs, Fairfield R. 1, who claim they were victimized in connection with a judgment entered against them in Allegheny County by Home Modernization Inc., of Pittsburgh.

The judgment, for \$3,160.50, was entered against the Flohrs on the basis of a note which the Flohrs claim they "never executed nor intended to be executed," and added in their complaint filed with the local court that if the note is signed their signatures were obtained fraudulently and, if the note is signed by them, "it was concealed in the contract with Home Modernization" and that the "signature was procured fraudulently." They also claim George Tyler, agent for Home Modernization, "deceitfully induced the defendants to sign the contract by stating only the handwritten part of the contract was important and that the printed portion would not affect them."

## Was "Sample" Job

The contract calls for Home Modernization Inc. to place aluminum siding on a home of the Flohrs. They claim in their appeal to the court that Tyler told them their home was a "sample job" and that they would receive \$50 for each "job done in the area" and told them that while the contract was for \$2,800 they would have to pay only about \$1,200 to \$1,300 for the work. The Adams County court ordered a stay of proceedings until the matter could be heard and set March 11 as the date when Home Modernization Inc. should show cause why the judgment should not be opened as asked by the Flohrs.

The complaint is similar to a number of aluminum siding matters brought before the Adams County court over the last several years, more frequently in the criminal court side. In all cases the aluminum siding companies and their agents have been from the Pittsburgh area.

## 37 Are Killed, Many Hurt In Coal Mine Blast Today

BISHOP, Va. (AP)—A rumbling gas explosion trapped and killed 37 miners today in the cavernous Bishop coal mine that straddles the mountainous Virginia-West Virginia line.

Rescue teams said this number of bodies had been counted below ground. Apparently the entire crew working in a section of the sprawling tunnels fell victims to the whistling, dusty blast.

The blast jammed the elevator that had carried the men in on the Virginia side and rescue work had to be routed through another entrance 2 1/2 miles away on the West Virginia side.

## Hope Abandoned

The grimy, masked workers who pushed through to the explosion site had abandoned hope for any survivors by the time the first nine bodies were found.

Identification went on below ground before any bodies were brought to the surface. The last

The young man was a passenger in the car of Robert William Fox, 22, son of Mr. and Mrs. Robert E. Fox, 30 York St. State police at Carlisle said Fox was driving south and had passed another car when the rear of Fox's 1953 Ford started to skid, and threw the vehicle out of control.

Fox's auto then rolled over several times, before coming to a halt. Carter, who had been seated on the right side of the front seat, was apparently thrown from the vehicle, and it is believed the vehicle may have passed over him. Fox, who remained in the car, was uninjured. The car was demolished.

Was AF Veteran

Dr. Edward A. Haegele, Cumberland County coroner, said death was caused by a broken neck, crushed chest and a broken left leg.

According to the state police at Carlisle, a charge of involuntary manslaughter was placed against Fox pending the findings of a coroner's inquest to be held at a later date.

Carter attended Gettysburg High School and then enlisted in the U. S. Air Force December 29, 1952. He received his discharge from the armed forces December 1, 1956. His last assignment was to the 6570th Test Squadron of the Air Force.

# 11 TOP-RANKING REDS TURN UP FOR SESSIONS

By HAROLD K. MILKS  
MOSCOW (AP)—All 11 top-ranking members of the Soviet Communist hierarchy showed up today at the opening of a semiannual session of the Supreme Soviet.

Economic matters and overhaul of the judicial system appeared to be the major business in prospect. No drastic shakeup was expected in the government leadership.

Premier Nikolai Bulganin, Deputy Premier A. I. Mikoyan and President Klementi Voroshilov, three members of the Presidium of the Communist party Central Committee, attended the opening of the colorful Soviet of Nationalities in the Kremlin's Chamber of the Supreme Soviet.

Brief Sessions  
With Foreign Minister Dmitri Shepilov and others on hand, that house met 13 minutes, just long enough for the reading of an eight-point agenda.

An 18-minute session of the second house, the Soviet of the Union followed this afternoon.

Bulganin and Mikoyan skipped this, but Voroshilov and all the other members of the Presidium, formerly known as the Politburo, appeared on the platform.

None Missing  
Communist party secretary Nikita S. Khrushchev was there, along with Deputy Premiers Georgi Malenkov, V. M. Molotov, I. M. Kaganovich, M. G. Perukhin and M. Z. Saburov, and Mikhail A. Suslov, a party secretary and theoretician, and Alexei I. Kirichenko, first secretary of the Ukrainian Communist party.

It was thus evident that no top-rank Soviet leader is the mystery patient in a Moscow hospital being treated by a blood specialist.

## Asks Investigation Of White 'Cell'

PHILADELPHIA (AP)—A Philadelphia congressman said today he had asked the Department of Justice to investigate the organizing of a white supremacy "cell" here.

Democratic Rep. Earl Chudoff said he made the request after learning that the Seaboard White Citizens Council had set up headquarters in a building on North 7th Street in the Olney section of Philadelphia.

The Justice Department informed him it was aware of the situation and would investigate "all information received," Chudoff said.

Chudoff said he also had information the white supremacy group was organizing in the Baltimore area.

than 1,300, was called late in the day.

Presentation of the 1957 budget and of the year's economic plan headed the agenda.

The government apparently was ready with the overhaul of the judicial system which Communist party chief Nikita Khrushchev called for at the 20th Party Congress last year.

Shepilov There  
Only a handful of top-level Soviet officials appeared for the convening of the Soviet of Nationalities. They included Premier Bulganin, First Deputy Premier Anastase Mikoyan, President Klementi Voroshilov and Foreign Minister Dmitri Shepilov.

Shepilov, absent from public affairs for the past two weeks looked fresh and active. The government had said he was taking a rest.

Can't Name Patient  
Shepilov's appearance heightened the belief he would deliver a major foreign affairs statement during the session. Diplomatic observers expected he might disclose Soviet plans to counter the Eisenhower Doctrine for the Middle East.

There had been some anticipation

Dion Changes Mind About Hanover Job  
WESTERLY, R. I. (AP)—Clarence Dion has changed his mind about accepting a job as borough manager in Hanover, Pa., and will remain here as water department engineer and superintendent.

Dion announced his decision yesterday after a conference with Dr. Fred H. Dotolo, chairman of the water commission. The commission had asked him to reconsider his decision to take the Hanover position. Dr. Dotolo said a substantial salary increase for Dion is "justifiable" in view of his decision.

tion that absences from the Parliament session might give some clue to the identity of the mystery patient in a Moscow hospital for whom a German blood specialist was flown to Moscow.

The ailing man was believed to be a high official, but Western newsmen in Moscow narrowed their speculation to a person on the second team of Soviet executives and administrators. However, they were not allowed to name him in dispatches from the Soviet capital.

Miss Marlene Sonda Morris, daughter of Mr. and Mrs. Hiram Edgar Morris, St. Louis, Mo., became the bride of Roy Meade Fuss, son of Mr. and Mrs. Clarence M. Fuss, Dillsburg, R. 1, Saturday evening at 6 o'clock in the First Lutheran Church, New Oxford.

The Rev. Dr. George E. Sheffer, pastor, officiated at the double-ring ceremony before an altar banked with carnations, snapdragons, gladioli, and ferns. Mrs. J. F. Sanders, organist, played traditional wedding marches.

The bride wore a grey wool suit and a winter white hat. She carried a white Bible topped with white carnations and red rosebuds tied with ribbon streamers.

Miss Janet Hoffman, Shillington, Pa., the maid of honor, wore a pale blue flatted street-length dress and a navy blue hat. She carried a bouquet of carnations.

Donald Ealey, of Tecumseh, Okla., served as best man. Immediately following the ceremony a reception was held at the home of the bridegroom for the immediate family and friends.

Mrs. Fuss, a graduate of the Beecher City High School, Beecher City, Ill., is serving with the United States Army. Her husband, who was graduated from the New Oxford High School, is serving with the Army at Arlington, Va.

The **FBI** Story

## CHAPTER 25

## Bitter Fight Over "Raw Files"

From its inception in 1947, President Truman's loyalty program came under heavy attack from left-wing and Communist groups.

One of the first attacks was sponsored by the United Public Workers of America (CIO), which hammered on the theme that the entire program was a "witch hunt." There were the usual mass meetings, petitions, fund-raising campaigns and efforts to discredit the program and the FBI.

"Who'll Investigate the Man Who'll Investigate You?" was the banner line on one pamphlet.

**Hiss Accused**  
It was in this atmosphere that the Hiss case exploded, shocking the nation as no other case had before. Pudgy, rumped Whittaker Chambers, a man with heavy jowls and heavy-lidded eyes, went before the House Committee on Un-American Activities in August, 1948, and confessed that he had been a member of the Communist Party from 1924 to 1937.

He said he had been a member, also, of a Soviet espionage apparatus dealing in stolen United States government documents. As one of his partners in this work he named Alger Hiss, a brilliant young diplomatic star in the Department of State before and during the war years.

The script was all wrong. The handsome young intellectual who had rubbed elbows with the nation's great men should have been pointing the finger of accusation at the unknown, secretive-looking Chambers. But this was type casting in the Hitchcock manner.

As a dramatic stage play unfolds with surprise following on surprise, so did the Hiss-Chambers story. There were the denials by Hiss; the "confrontation" of Hiss by Chambers; Chambers' producing the State Department documents which he claimed were handed over to him by Hiss to be given to Col. Boris Bykov, a Soviet agent; Hiss' admission that four handwritten notes among the documents were in his own handwriting; and Chambers' uncovering of the "pumpkin papers," two strips of microfilm containing photographs of original State Department documents and three rolls of undeveloped film.

**Hiss Convicted**  
The FBI's part in this controversy was to investigate the accuracy of the charges by Chambers and of the denials made by Hiss. In all, 263 agents at one time or another worked on the investigation in 45 of the FBI's

Tense moment highlights inquiry into Communist inroads in government as Whittaker Chambers (circle, right) confronts Alger Hiss (left) and accuses him as fellow member of ring which stole documents for Russia. Hiss, rising young diplomat, later was convicted of perjury.

52 field divisions.

On Dec. 15, 1948, a federal grand jury in New York City indicted Hiss for perjury. His first trial resulted in a hung jury, but in the second trial he was convicted and sentenced to serve five years on each of two counts. In November, 1954, Hiss was released from prison.

The revelations by Chambers and other ex-Communists shocked the people of the United States. But in the political uproar there were steady attacks on the FBI investigations as being something mysterious and sinister — particularly the use of confidential informants and the manner in which the FBI assembled its files of information.

**Files in Evidence**

In all the controversy involving the Bureau and its operations, there was none which was worse, perhaps, than that which exploded in the government's espionage case against Judith Coplon in 1949.

For 25 years, Hoover had jealously guarded the integrity of the FBI's investigative files to protect informants and to protect innocent persons from the embarrassment of unvaluated reports, complaints, and insinuations accumulated in the course of an investigation, or received in unsolicited letters and telephone calls.

**Hoover Explains**

But in the Coplon case, Atty. Gen. Tom C. Clark overruled Hoover and permitted government attorneys to place in evidence documents from the "raw files" of the FBI to comply with a bench order by Federal Judge Albert L. Reeves. Only a small portion of the information in the file was relevant to the government's case against Coplon. Much of it would have been tossed out as a matter of course. The FBI files were ridiculed as a storehouse of gossip and the trivia was given prominence above all else.

In a letter to his executive assistants and to special agents in charge at district offices, Hoover explained what had happened:

"... I urged the attorney general to seek a mistrial or a citation for contempt rather than produce these reports with consequent devastating harm to the FBI's responsibility for internal security, as well as the disclosure of as yet uncorroborated information in our files concerning individuals."

"The first knowledge I had that the reports had been introduced in evidence occurred after they had been presented in court. The reports introduced in evidence were selected by the department and not by the Bureau..."

The Coplon incident did more than anything else to create a misunderstanding as to how the FBI's "raw files" were assembled and were later developed into a factual report giving a rounded picture of a case.

A file begins for any number of reasons — for example, when someone makes a complaint, or a confidential informant supplies information indicating disloyalty or a violation of federal law. At this stage the information might be a case of mistaken identity, an ill-informed suspicion, a line of scandal or a shocking charge of disloyalty backed by what purports to be documentary proof.

The next step is the investigation. Information is supplied by confidential sources. Documents are assembled.

At this stage, the "raw file" may contain information that is false, trivial, or perhaps malicious. It also includes reports on administrative details in the investigation, the investigative techniques used, and the identity of informants.

For the incomplete file to fall into anyone's hands at this stage would be damaging to innocent people and perhaps endanger the life of an informant. For these reasons, the FBI has refused access to such files to outsiders.

The results of investigations are set forth in the agents' investigative reports. These are the reports containing the information which proves or disproves the allegations which brought about the investigation.

They are the refined product of the "raw files," supplying the information relevant to the prosecution of a case or for use in a loyalty hearing. A dozen or more of these investigative reports may be part of a single file — and it is necessary to view all of the reports in a given case to know whether the weight of evidence will indicate guilt or innocence. # BROWNELL TO GIVE PUSH ON CIVIL RIGHTS

By B. L. LIVINGSTONE  
WASHINGTON (AP) — Opening a new round in the civil rights battle, Atty Gen Brownell goes to Capitol Hill today in an effort to get President Eisenhower's program off to a fast start through Congress.

Brownell was the first witness called before the House Judiciary Committee in hearings at which a sizable list of Southern foes of the President's proposals was also waiting to be heard.

Administration backers said they will fight delaying tactics.

Keating's Stance  
Rep. Keating of New York, senior committee Republican, announced he will oppose any attempt to extend hearings beyond four days. He said:

"Experience has shown that if we are to get any bill to the President, we in the House must enact a bill early in the session. Only in this way can we force action in the Senate."

The House passed a civil rights bill late last session, but the Senate did not consider it before adjournment.

To Hear Southerners  
Sen. Knowland of California, the Senate GOP leader, set March 1 as a target date for starting Senate debate Democratic leaders, less optimistic, thought late April was a more likely date.

Knowland said it might be necessary for the Senate to "wear down" an expected Southern filibuster before it can act on a civil rights bill.

In the House, Chairman Celler (D-NY) was prepared to speed the hearings by limiting testimony. Persons testifying last year will be asked simply to file statements.

But the committee will hear a number of Southern state officials.

Commission Proposed  
They include Gov. John P. Coleman of Mississippi, Charles J. Bloch, representing Gov. Griffin of Georgia, Circuit Judge George C. Wallace of Alabama; Alabama State Sen. Sam Engelhardt; Motor Vehicle Commissioner Edward Scheidt of North Carolina, and the attorneys general of Mississippi, Georgia, Virginia and South Carolina.

The President's program calls for a bipartisan civil rights commission, creation of a civil rights ment, new assurance of the right to vote and provision for civil damage suits where civil rights have been adjudged to have been violated.

# 400 TEACHERS GO ON STRIKE

MANCHESTER, N.H. (AP)—The 400 public school teachers in this largest New Hampshire city went on strike in a wage dispute today and the city's 24 school buildings were closed.

"No classes are in session; they have been canceled until this problem is settled," said Supt. Dr. Augusta M. Nichols.

In an effort to halt the first teacher strike in the city's history, officials prepared to ask for a temporary Superior Court restraining order forcing the teachers to return to work. The mayor said teachers are violating their contracts with the city.

Some of the city's 9,300 public school students reported to the two high schools and 22 elementary schools this morning but they were sent home when no teachers appeared.

Dr. Nichols said classes had been scheduled today despite a warning by the Manchester Teachers Guild that no teachers would report.

By an 8-5 vote, the school board issued a last-minute order that the teachers would be placing their contracts in jeopardy if they failed to appear.

# Elizabeth Taylor Marries Mike Todd

ACAPULCO, Mexico (AP)—Elizabeth Taylor and Mike Todd honeymooned today at an unscheduled spot — a guest house on the estate of former President Miguel Aleman. It is only 10 feet from where they were married.

The couple had planned to leave Acapulco for a brief honeymoon somewhere else in Mexico. But they were up so late for the reception after the civil ceremony Saturday night they could not complete plans to leave.

Miss Taylor, recovering from a spinal operation, was said to have been exhausted after the excitement of the wedding and party.

Most of the guests who flew in from the United States also stayed for the weekend. They wore the Tarascan Indian sports shirts Todd had made for them. Initialed "ET" and "MT."

# NEW HIRING PLAN ADOPTED

HARRISBURG (AP)—Hiring by the State Labor and Industry Department is now being handled in a new method on orders of Gov. Leader.

The department has opened a special office to evaluate applicants for jobs in all bureaus. Formerly all hiring power was concentrated in the office of the secretary of labor and industry.

Gov. Leader recently fired John R. Torquato as secretary after disclosure of a secret million dollar "administrative fund" which supported more than 20 men on its payroll.

"The primary purpose of this evaluation," explained Milton Weisberg, acting secretary, "is not only to make the agency more efficient but to establish real line authority in accordance with good personnel and supervisory practice."

Under the new method a personnel clerk evaluates applications, and passes them on for final action and recommendation by the heads of bureaus where openings exist.

# 37 Are Killed

(Continued from Page 1)

some of the men will be found alive," said another dispatcher. Martin E. Martin. He attributed the explosion to gas accumulation. Martin said there was no cave-in and apparently the greatest danger was posed by smoke and fumes.

Rescue parties were seeking to reach the trapped men through the exit from which coal is brought out.

Fearful Smoke, Fumes  
The last company officials heard from the miners was by telephone at 3:30 a.m. when Raymond Owensby called with the information his section was all right providing the smoke and fumes ceased.

The mine is located in Tazewell County, one of six mountainous southwest Virginia counties declared a disaster area by President Eisenhower last week after the section's worst flood rampaged through the area. The mine, however, was not flooded.

Rufus Trail, a motorman, said he was at the mine's tippie after taking two hauls of miners to their underground workings when a miner called. Trail quoted the miner as saying he thought "something was wrong" due to an accumulation of dust.

12 Killed In 1946  
It was not determined immediately if the deaths occurred in Virginia or West Virginia. The area had not suffered a serious multiple-fatality mine disaster since 1946 when 12 miners were killed near Radford.

The shaft mine entrance is located two miles away at Horsepen, Va. Rescue operations are being conducted through the entrance to Mine 34 in West Virginia.

The explosion rocked the mine about two hours after the midnight to 8 a.m. shift entered — the first shift into the mine since the last Friday midnight. Bishop is one of Pocahontas' largest mines.

The Bishop mine has been in steady operation since 1927. Pocahontas recently merged with Pittsburgh Consolidation Coal Co. of Pittsburgh.

A light rain fell over the area this morning as the rescue operations proceeded.

SEEK UNKNOWN HEROES  
WASHINGTON (AP)—Plans were announced today for selecting two "Unknown Americans" who fell in World War II and in Korea for burial beside their World War I comrades in Arlington National Cemetery.

The Army, Navy and Air Force will share in a ceremonial selection, with re-interment scheduled for Memorial Day, May 30, 1958. Selections will be made by May 15 next year.

By THE ASSOCIATED PRESS  
Six out of eight Pennsylvania highway fatalities over the weekend were attributed to skidding accidents as ice and snow made driving hazardous.

Two accidental deaths occurred in separate Pittsburgh dwelling fires.

### AMERICA'S NUMBER 1 ROAD CAR

Meet the new performance champ! Stop in at H. & H. Machine Shop today and see for yourself why the independent test drivers are saying that the 1957 Pontiac is the hottest thing on four wheels. Frankly, we know that the average driver cares little about speed. Actually, he probably doesn't know and doesn't care how fast any car goes. But we are not talking about that. We are saying that for lively performance at sensible speeds, for the power to pass another car safely, for pure enjoyment in driving, you can't beat the 1957 Pontiac. Read the article about Pontiac in the February issue of Mechanix Illustrated. The noted test driver, Tom McCahill, says Pontiac is the hottest full-sized sedan he has EVER driven and on a trip from Florida to New York, it was a real peace-of-mind journey, with wonderful comfort and economy. And here's another report: California State Police just tested six different cars and found that Pontiac scored No. 1 for all-around performance, safe braking, roadability and economy. Therefore, it's no wonder that since the new models came out, Pontiac has outsold all other cars in its class in the Virginia-Maryland market. You, too, should check Pontiac before you buy any car at any price, and find out how easy H. & H. Machine Shop can make you the proud owner of a beautiful '57 Pontiac. Come in today and try America's No. 1 Road Car—the 1957 Pontiac, priced only a few dollars more than the three light cars.

Wagner broke the game wide open at the start of the second half on a 22-point surge 16 of which came from the free throw line.

## JOE MCCARTHY, SAM CRAWFORD ARE ELECTED TO HALL OF FAME

By JACK HAND  
NEW YORK (AP) — Marse Joe McCarthy and Wahoo Sam Crawford are the newest members of Baseball's Hall of Fame.

The put-jawed Irishman who managed the New York Yankees to new heights without ever playing a game of major league ball and the left-handed outfielder who was a great power hitter in the "dead ball" days will be officially enshrined July 22 at Cooperstown, N.Y.

Paul Kerr, secretary of the 11-man veterans committee that picks new members on alternate years, announced the election of McCarthy and Crawford yesterday. There will be no further selections this year.

McCarthy "Very Happy"  
From Tonawanda, N.Y., came word that McCarthy was "very happy" over his selection. The 69-year-old retired manager has been living near Buffalo since he stepped down as skipper of the Boston Red Sox in 1950 because of poor health.

"Little did I think when I was in the minor leagues I would ever make the Hall of Fame," said McCarthy. "I certainly want to thank everyone who made it possible."

Crawford, who drew his nickname from his home town of Wahoo, Neb., where he was born 76 years ago, was at his remote desert cabin at Pearl Blossom, Calif., his wife said, probably unaware of his selection.

**Second Division Once**  
McCarthy played second base and managed in the minors from 1906 to 1920, winning two pennants at Louisville, before he moved up to manage the Chicago Cubs in 1926.

When McCarthy moved to Yankee Stadium in 1931 he hit the jackpot. The Yanks won eight pennants and seven world series under Marse Joe, four of each in succession from 1936 to 1939. Until Casey Stengel came along to make it five in a row from 1949 to 1953, that was tops.

Late in his career after Larry MacPhail took over the Yanks, McCarthy left the Yanks to retire. He came back a year later to take the Boston Red Sox job and held it from 1948 until the middle of 1950. In his entire managing career covering 32 years, only one McCarthy team finished in the second division, the 1922 Louisville club, which was sixth.

**Lifetime Average Of .309**  
Crawford played with Cincinnati from 1899 to 1902 and with Detroit from 1903 to 1917, teaming with Ty Cobb in the outfield. His lifetime total of 96 homers looks meager in the modern age, but he was considered a power hitter in the "dead ball" days. In fact, he was the only man to lead both majors in homers the National with 16 at Cincinnati in 1901 and the American with seven at Detroit in 1908. His lifetime total of 312 triples still is the major league record.

In 19 years, Crawford managed a lifetime average of .309 with a total of 2,964 hits.

## ECKER REMAINS AS BUBBLERS' GRID MENTOR

It was recently announced at Boiling Springs High School that Bud Ecker would continue as football coach of the Bubblers. After his graduation from Gettysburg College in 1948 he served as head coach of football, basketball and baseball at Boiling Springs for eight years as well as doing the duties of the faculty manager.

Last spring, Ecker gave up the basketball post and at that time was officially appointed by the school board as director of athletics and head coach of football and baseball. Gradually he is to be relieved of other coaching duties as the post of athletic director takes up much of his time. However, the announcement last week makes it clear that he will continue for a while longer in his present set-up.

Boiling Springs under Coach Ecker has become a power in schoolboy athletics. A small Class B school the Bubblers number many Class A schools in their long list of victories. Boiling Springs has 104 boys in the high school at the present time from which its teams are selected and has played teams many times its size.

In football the Bubblers have won 66 games and tied two and lost only 17 for one of the best records in the area. The Bubblers, in eight years under Ecker, have won three championships and have been runners-up three times. During the years of 1950-51-52, the Bubblers ran up a 27-game winning streak in baseball. They had a 29-game winning streak during 1951-1952 seasons in basketball, under Ecker, the Bubblers amassed 62 consecutive league wins in the Adams County League. The Bubblers have not been defeated in Adams County League play since the 1951-1952 season. This year, under Bill Minnich, the Bubblers have won eight league games without a defeat to date.

The preliminary game between the junior varsities will start at 6 o'clock. Other league games scheduled Tuesday include Hanover at Waynesboro, Hershey at Chambersburg, and Carlisle at Shippensburg.

**Cannors' Big Chance**  
Highlighting the Adams County League program for Tuesday evening will be the Boiling Springs-Biglerville battle at Biglerville which could just about decide the regular season championship.

Boiling Springs has won eight straight in as many starts and a victory over the Cannors would probably mean a breeze to another W. Frank, Allentown; John Bonchamps, On the other hand, the Cannors, but half game back of the leaders, could take over the lead.

**ST. LOUIS HAWKS FLYING HIGH FOR WEEKEND**  
By THE ASSOCIATED PRESS  
The resurgent St. Louis Hawks, cellar-dwellers in the Western Division of the National Basketball Assn. only a few weeks ago, are flying high today after a successful weekend sweep.

The Hawks, who have had three coaches this season, are tied with the Fort Wayne Pistons for first place. St. Louis turned back Minneapolis yesterday 107-95 after beating the Lakers 106-97 in a nationally televised game Saturday.

Meanwhile, Fort Wayne bowed twice, losing to Rochester 93-79 Saturday and Syracuse 104-95 yesterday. Both the Hawks and the Pistons have identical 24-25 win-loss records.

**Beat Knicks Twice**  
The Boston Celtics, the Eastern Division leaders, enjoyed a profitable weekend at the expense of New York whipping the Knicks twice. Boston won 116-98 Sunday and 114-111 Saturday to maintain its seven-game advantage over runner-up Philadelphia. The Warriors edged the Royals 110-108 yesterday to follow up their 107-100 Saturday success over Syracuse.

With Alex Hannum now at the helm after taking over for Slater Martin, St. Louis handed the Lakers their eighth straight setback yesterday. Bob Pettit, the league's top scorer, provided the impetus with 31 points.

Syracuse, in tripping Fort Wayne moved to within a half-game of third-place New York in the Eastern section.

Bill Sharman's 33-point output powered the Celts to their easy victory over the Knicks Sunday.

Neil Johnston's basket with 19 seconds left gave Philadelphia its victory over Rochester. Johnston wound up with 31 points and teammate Paul Arizin chipped in with 28.

**SCHEDULE FOR EASTERN LOOP HAS 140 GAMES**  
NEW YORK (AP) — The Eastern League has adopted a 140-game baseball schedule starting April 23.

League President Tommie Richardson announced the schedule over the weekend saying "six solid teams" would open the season with a possibility of "two more cities joining the league by March 1."

A league meeting in New York also set an All-Star game for July 22 and arranged playoffs.

**Until March 1**  
Richardson said ex-Yankee shortstop Joe Mauer was given until March 1 to complete negotiations for a franchise at Allentown, Pa. Mauer said Richardson hasn't been able yet to arrange rental of the Allentown ballpark from its St. Louis Cardinal owners or to make a major league tieup for the team.

The league hasn't come up with another club to match the Allentown application, Richardson added.

## Warriors Host Wildcats Tuesday; Booster Club Sponsors Free Admissions

Eight of the nine South Penn Basketball League teams buckle down to action Tuesday evening as the second half, race opens, only Middletown being the Hanover took first half honors Saturday evening by topping Carlisle after the first half had resulted in a tie, the which necessitated two playoff games.

Here at Gettysburg what may prove to be the largest crowd of the season is expected to watch the Warriors go against Tom Yost's Mechanicsburg Wildcats, 76-62 conquerors of the Forney-men in the first half.

Families of the varsity and junior varsity squads, Booster Club membership card holders plus one guest each will be guests of the Gettysburg High Booster Club at the games. The families will be admitted free upon presentation of letters sent out last week while Booster Club members and their guests will also be admitted free upon showing their membership cards at the door.

**Cats In Fast Start**  
Mechanicsburg was one of the hottest clubs in the circuit early in the first half race but dropped its last three contests to feds from contention. Phil Houser who finished the first half scoring race in second place with 164 points, and Don Heiges whose 133 tallies were good enough for a fifth place tie have consequently been the big guns for the Wildcats.

The Warriors' last home appearance was their best of the campaign, upsetting Carlisle 46-42 to throw the race into a deadlock. Another such performance will be needed to win over Mechanicsburg. Gettysburg is 5-8 for the entire season.

The preliminary game between the junior varsities will start at 6 o'clock. Other league games scheduled Tuesday include Hanover at Waynesboro, Hershey at Chambersburg, and Carlisle at Shippensburg.

**Cannors' Big Chance**  
Highlighting the Adams County League program for Tuesday evening will be the Boiling Springs-Biglerville battle at Biglerville which could just about decide the regular season championship.

**No Appropriation**  
Sen. John A. Sant (R-Lehigh), one of the pro-se group members, said it did not meet because no appropriation was voted. He said a request for an appropriation would be made.

Appointed to the Lehigh alley group by McCarron were Samuel W. Frank, Allentown; John Bonchamps, Summit Hill; James Glides, Coaldale, and Samuel Friedman, Easton.

**Seek Action On Boxing Probe**  
ALLEN TOWN, Pa. (AP) — The Old-time Boxers Assn. of the Lehigh Valley named a committee over the weekend to push for action on a proposed—but never started—legislative probe of professional boxing in Pennsylvania.

The group was appointed by Joseph F. McCarron, sports editor of the Allentown Morning Call and former featherweight boxer.

McCarron said the committee would offer assistance to members of a Senate committee appointed by the 1955 General Assembly. The Senate committee never met, although the General Assembly authorized the inquiry into boxing.

## Today's Talk

LETTER DAY

I have never yet met anyone who didn't like to get letters from a friend. Why can't we all arrange to set aside a brief period of each week that we can call our letter day? A letter to mother, if she still lives, to one of our kin, or a beloved friend. What is it that makes the mail man such a welcome visitor?

I was impressed with a statement by Dr. Samuel Johnson, who once said "It just occurs to me that there are no letters delivered at the grave." But they are delivered every day to all parts of the world and bring joy to millions who are happier because someone loved them sufficiently to remember them in letters.

Letters are ourselves put to a small space on paper and they give life like angels to cheer and give hope, perhaps in many instances where hope has almost given out. Nothing is more intimate and personal than a letter. These talks would have disappeared long ago from their small space in this newspaper had not kind friends throughout the years sent letters to me as thoughtful, appreciative acts.

In my library is an entire shelf devoted to the letters of great men and women - letters by Charles Lamb, Carlyle, William James, Lawrence, William Blake, Emerson, Dr. Johnson, George Gissing, Katherine Mansfield and hosts of others. I take out a volume of these published letters time and time again and they give nourishment to my mind and heart.

I have sat in the auction room and listened to the sale of letters by Robert Burns, Keats, Lafcadio Hearn and Stevenson, and some of them have been sold for more money than many of the writers ever earned in life! The doors of the human heart are all opened when a kindly letter leaves its author's. Letters can be like "distilled love!"

## Just Folks

CALL FOR MR. FIXIT

As a fisherman I'm patient. I will row from spot to spot. I know a dozen places where the big ones can be got. But I seem to lack the patience at the window long to wait. And settle down in comfort when the children stay out late.

I know the cook is worried when she shops her merry hum - It is time to get the supper but the groceries haven't come. And to dine a little later may to her a trouble, be. That may be to her annoyance, but it doesn't trouble me.

I want my morning paper with my breakfast, and I hate the wet and stormy mornings when the newsboy may be late.

But I know the many trials that the lad must undergo. And although that make me peevish, I try not to let it show.

I have fingered a typewriter nearly all my long career, But if one requires repairing I am not an engineer.

If the ribbon needs replacement, though I try the best I can, I drop the task entirely and sit waiting for the man.

I know what hands were meant for, but mine useless seem to be.

The skill of good mechanics never was allowed to me. When machines must have attention, for a man I quickly ask.

And I happily admire him as he goes about his task.

## RICH CONTRACT WILL BE SIGNED TODAY BY MICKEY

By ORLOE ROBERTSON

The Associated Press NEW YORK (AP) - Mickey Mantle officially puts his name on the third richest contract in New York Yankee history today after quietly but dramatically revealing his intentions.

"I have reached an agreement with the Yankees and will sign a contract Monday," the 25-year-old triple crown winner told some 100 guests at the 34th annual dinner of the New York chapter of the Baseball Writers' Assn. of America last night.

Mantle, who received the Sid Mercer Award as Player of the Year for 1956, termed the agreement "very satisfactory" but declined to give the figures.

Quiet Announcement

From another source, it was learned the contract calls for about \$60,000 - third to the \$100,000 paid Joe Dimaggio and the \$80,000 to Babe Ruth by the Yankees. Yogi Berra is believed to be close to Mantle with a \$58,000 contract for playing in 1957.

Mantle's announcement came so sudden and quietly that few in the audience realized at the moment that he was announcing the end of his salary argument with Yankee General Manager George Weiss.

It was believed today's signing was a mere formality. The Associated Press learned that Mantle apparently signed his contract yesterday after a conference with Weiss and Asst. General Manager Lee MacPhail.

Thus after six years as a Yankee, Mantle moves into second place behind Boston's Ted Williams as the highest paid active player in the American League. Williams reportedly will get 100,000 in the National League, Stan Musial of the St. Louis Cardinals is tops at \$80,000.

With Bronco Horvath continuing to find the scoring range, the Rochester Americans have climbed to within one point of third place in the American Hockey League.

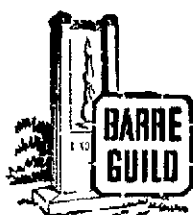

Horvath started the season with the New York Rangers of the National league and then was sold to the Montreal Canadiens, who

"MY IDEAS"

Where do my ideas come from . . . where do they get their start . . . do they stem from within my mind . . . or from my secret heart . . . are they forever endless . . . or will they fade away . . . ideas, I guess, are fragments . . . imagination's say . . . they dwell in many places . . . in cities and on farms . . . ideas reach out across the world . . . with strong yet tender arms . . . mysterious and mighty . . . sometimes they're hard to find . . . but often just like magic . . . they dart from out my mind . . . ideas are part of everything . . . but it is up to me . . . to build a poem round a thought . . . and set an idea free . . . I only pray my ideas keep . . . on flowing like a stream . . . so I can write about my hopes . . . and all the things I dream

farmed him to Rochester. The flashy forward has developed into the Amerks' top scorer and has been a key reason in Rochester's recent spurt.

Bronco turned in the three-goal "hat trick" yesterday as the Americans shaded league-leading Providence 3-2. Meanwhile, third-place Hershey bowed to Buffalo 8-6 and runner-up Cleveland blanked last-place Springfield 7-0 in other games.

20-Foot Sizzlers

All of Horvath's goals were 20-foot sizzlers.

Buffalo matched its top scoring performance of the campaign and also ended a three-game losing skid.

Goalie Marcel Paille posted his third shutout of the season and Fred Glover took over the goal-keeping lead with 35 as he caged three goals in the third period in Cleveland's triumph.

The victory, which boosted Cleveland to within three points of first place, was a costly one. The Barons' Don Poliziani suffered a possible concussion after being jammed into the boards in the final period.

## TOP CAGE FIVES CONTINUE WINS IN SCHOOL LOOPS

HARRISBURG (AP) - Balance is the keynote in a number of scholastic basketball leagues across the state, although familiar powers continue to reign in most areas.

The situation appears to be one of extreme - either regular leaders are winning hands down or leagues are snarled in deadlocks.

Typical was the first half results in the Central Penn League of Dist. 3. The leadership is in a three-way tie as the result of an upset of Carlisle by Gettysburg. That left Carlisle, Hanover and Hershey deadlocked.

Carlisle trimmed Hershey in a special playoff only to lose that flag Saturday night to Hanover,

68-58, in the final playoff.

The situation still is in a knot in the Mountain League of neighboring Dist. 6. Three teams continue to hold the lead there - Tyrone, Hollidaysburg and Lewisburg - after Friday night wins.

Four-Way Tangle

Until Friday the Dist. 9 league was in a four-way tangle for the lead between Kane, Brookville, Clearfield and Bradford.

The situation cleared slightly in weekend action however, when Clearfield stopped Bradford 57-49 and Ridgeway upset Kane, 60-41. The results leave Clearfield and Brookville with the best records in the loop.

In the WPIAL at least one league - Sect. 11 - is in a three-way tie-up between Greensburg, Jeanette, Uniontown.

Elsewhere the picture is still shaping up along a more or less traditional lines.

The list of major undefeated teams has broadened to include newcomer Portage of the West Central League, running rough-

## Court Treats Old Youngster Up For Larceny Just Like Juvenile

BALTIMORE (AP) - The little old woman stood before the bench in the courtroom, apparently a little bewildered by the proceedings.

Emma Canoles was 82. Her knobby fingers stroked the brass bar in front of her. The charge was larceny: stealing 69 cents worth of meat from a northwest Baltimore food market.

A policeman stood on either side of her. They seemed to be supporting her - with more than

physical support. Behind the officers stood four policemen who had offered to pay the 69 cents.

Made Up His Mind

The prosecuting witness - the meat shop proprietor - was saying shoplifting had reached "huge proportions," had become so bad that he had hired two private detectives Theodore Edlow said he made up his mind the next case would be prosecuted, "no matter who it was."

Magistrate Milton Talkin interrupted: "Usually, when you make a hard and fast rule, the wrong case comes along."

The storekeeper replied: "We decided we had to draw a line, whether it was a 12-year-old or an 82-year-old."

He recited the facts calmly.

A package of meat was taken. He was suspicious of the little old woman. He followed her outside and asked her if she had taken it. He saw her drop the package from under her overcoat. He called police and ordered her arrest.

"Forgive me for being so cold blooded, but something has to be done."

With difficulty, the magistrate tried to get the old woman's side of the story.

On Probation

Mrs. Canoles broke down. She admitted taking the meat. She said she didn't know why, that she didn't even eat meat. She was a widow living alone, she said, and wanted to pay a fine and go home.

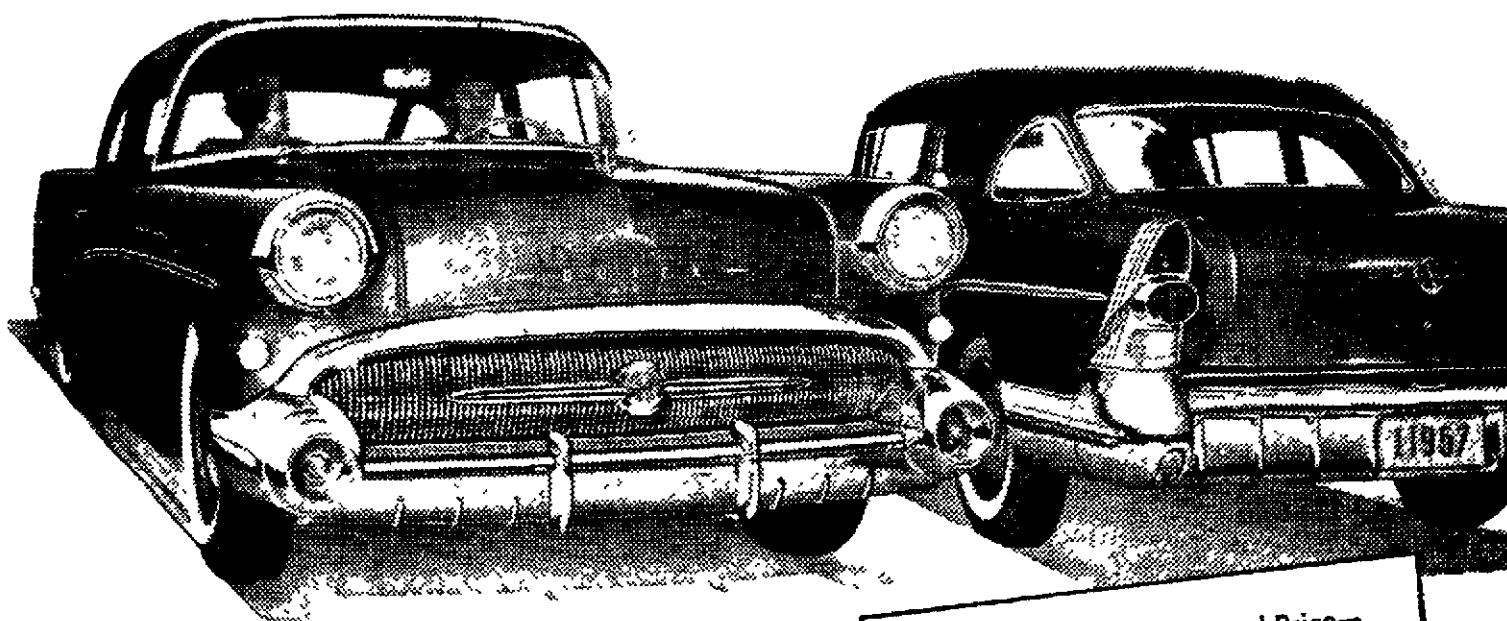

"I treat an old youngster the same as I do a young youngster," said Magistrate Talkin.

His ruling probation before a verdict, which meant that the woman would not have a conviction on her record.

## Veteran Pilot

(Continued from Page 1)  
plane, a giant DC6A with 101 persons aboard, crashed and burned Friday night on Rikers Island in the East River after taking off from LaGuardia field.

More than half of the survivors were injured. Twenty-two remain in hospitals. 11 of them in critical condition. Five victims were identified yesterday, bringing to 13 the number identified thus far.

The Marsh account contrasted with earlier remarks attributed to him that he experienced a "loss of power" immediately after taking off for Miami, the plane's destination.

Marsh also had been quoted after the crash as saying he thought the airplane had struck a pole on the island.

Asked yesterday if he had been attempting to turn back to LaGuardia Field after the takeoff, Marsh replied: "I was making no attempt to turn."

Marsh, who has more than a million air miles to his credit in a 19-year career with the airline, replied "No" when asked if he was attempting a forced landing.

Lane asked Marsh, "What in your opinion caused the crash?" "I don't know," the pilot replied.

Marsh told the airline official that the plane appeared to be functioning correctly upon take-off. It contradicted earlier remarks.

Shortly after the crash Marsh had been quoted as saying: "I just couldn't get her up. Her power just drained out, but none of her instruments showed it. She just wouldn't go up."

"I could feel something was wrong, however, on the controls, and it was confirmed by the shudder of the plane at takeoff."

## Pierre-Louis, President Of Haiti, Quits; Strike Brews

PORT AU PRINCE, Haiti (AP) - Bowing to demands of politicians, Joseph Nemours Pierre-Louis reportedly quit as provisional president last night in the midst of Haiti's colorful pre-Lenten carnival.

It was the second time in less than two months the post was vacated. Pierre-Louis' resignation followed radio broadcasts by two of the seven candidates for the presidency in this spring's elections threatening a general strike today if the Provisional President did not step down.

There was no immediate indication who would succeed Pierre-Louis as head of the Negro republic in the Caribbean.

## Resignation Forced

It was a general strike - by all signs a spontaneous movement - that forced the resignation of strongman President Gen. Paul Magloire Dec. 12. Magloire went into exile and Pierre-Louis, chief of the Supreme Court, was made acting president to prepare for general elections.

The army, which played the chief role in Magloire's attempt to remain in office beyond his six-year term and then insisted on his resignation, stepped into the current political crisis in an evident attempt to bring order.

The chiefs of staff called together the seven presidential candidates at army headquarters. One, Sen. Louis Dejoie, refused to attend. He and another candidate, Dr. Francois Duvalier, had made the broadcasts in Creole and French demanding Pierre-Louis' resignation.

## Crowd Cheers

Duvalier attended. As he left army headquarters late at night, a big crowd that had gathered around the building cheered him. No decisions were announced after the meeting.

Duvalier said Pierre-Louis' main faults were that he had not abolished the Legislature elected during the Magloire regime and had failed to clean up the public administration.

## OSCAR TOBEYS

Attorney J. Glenn Benedict was toastmaster at the dinner. Samuel Tobey gave the invocation. Joseph Z. Farkas gave the life history of the guest. Other speakers included: George C. Eppinger, president of the Chambersburg Chamber of Commerce; Milton Silver, president of the Sons of Israel Congregation; Mrs. Joseph Foster, of the sisterhood; William Sullivan, of the Exchange Club, and Burgess Horace A. Kottcamp of Chambersburg. The testimonial dinner was arranged by Harry A. Wolf.
